

pipetman®

L

Precision, Comfort, and Reliability Engineered for Everyday Lab Performance

PIPETMAN® L is designed to reduce hand fatigue and increase productivity. Its lightweight, perfectly balanced design and low pipetting forces help you stay focused, even during long pipetting sessions.

Work Longer Without Fatigue

- Reduced risk for RSIs
- More consistent results over time
- Higher daily throughput

Confidence in Every Pipetting Step

- Reliable, reproducible results you can trust
- Secure volume locking to prevent accidental changes
- Confidence when it matters most in critical experiments
- Fully autoclavable for better protection against cross-contamination

The Right Solution for Every Task

- Broad volume range: 0.2 µL to 10 mL in single channel models
- Multichannel options up to 1200 µL for flexible protocol support
- Fixed-volume models for consistent, repeatable tasks
- Multichannel V-ring design on select models enhances tip fit across most brands

An ideal solution for Biotechs, clinical labs, and high-intensity routine environments

PIPETMAN L Single Channel — Variable Volume Models				
Model	PIPETMAN® DIAMOND Tips		Part Number	Volume (μL)
P2L	D10 DL10	DF10ST DFL10ST	FA10001P	0.2 – 2
			FA10001M	
P10L	D10 DL10	DF10ST DFL10T	FA10002P	0.5 – 10
			FA10002M	
P20L	D200	DF30ST	FA10003P	2 – 20
			FA10003M	
P100L	D200	DF100ST	FA10004P	10 – 100
			FA10004M	
P200L	D200 D300	DF200ST DF300ST	FA10005P	20 – 200
			FA10005M	
P1000L	D1000 D1200	DF1000ST DF1200ST	FA10006P	100 – 1000
			FA10006M	
P5000L	D5000		FA10007	500 – 5000
P10mLL	D10mL		FA10008	1000 – 10000

*For a pipette with a plastic tip ejector, the part number ends with the letter P. For a pipette with a stainless steel tip ejector, the part number ends with the letter M, from P2L to P1000L.

PIPETMAN L Multichannel Models			
Model	PIPETMAN® DIAMOND Tips		Part Number

Choose your Tip Ejector

For single channel models, choose between a model with a stainless-steel tip ejector or a plastic ejector* depending on your needs and applications.

Large volume models are equipped with a plastic tip ejector to avoid any direct contact with the tip.

Choose Your Model

For routine testing applications, PIPETMAN L is available in fixed-volume models*** from 1 µL to 5 mL, helping reduce the risk of volume errors and ensure consistent results. With the same lightweight, ergonomic design, it's a reliable choice even for non-trained lab technicians.

***PIPETMAN L Fixed models are not fully autoclavable.

PIPETMAN L single channel models are available in kits, offering the essential pipetting tools to start an experiment right away.

PIPETMAN DIAMOND® Tips are designed to fit your PIPETMAN perfectly and guarantee maximum accuracy and precision.
